PAD-A-PEW
P.O. Box 703
1527 McGiffins Road
Jackson, OH 45640-0703

Thank you for your prompt, courteous, quality work. It was a pleasure to work with your employees in all areas of the project from beginning to the end. From receiving estimates, references and advice on the best methods of set up, to the help in ordering the right colors and fabric, to the actual installation and clean up, you were always helpful, cooperative and willing to serve. And your prices beat other estimates. We so appreciate your willingness to work with our schedule and the unique challenges of arrangements around the church schedule. During the whole process our scheduled worship services were never disrupted. Your workers arrived on time and worked until finishing the project ahead of schedule! The excitement of the congregation when they saw the quality and feel of the finished product was a great endorsement by itself, but now some weeks later with members still raving about how much they like it and not one pew revealing defective workmanship it really makes a powerful statement for the high performance of PAD-A-PEW. We recommend PAD-A-PEW without reservation to any church considering recovering their sanctuary pews.
